

John D. Williams

Security engineer, satellite communications enterprise operations. Fine-art photographer.

jndwcreative@gmail.com · thejohndwilliams.com · linkedin.com/in/john-davis-williams · [CONFIRM: City, State]

EXPERIENCE

Enterprise Operations [CONFIRM: exact title] Satellite communications [CONFIRM: Mo] 2024 – present company [CONFIRM: name employer or keep framing]

- Incident command in a high-availability satellite communications environment: structured response, escalation discipline, and post-incident analysis.
- Designed and built forecasting tooling from scratch: demand, staffing, and workload projection surfaces used for operational planning decisions.
- Built workforce planning models and operational analytics for enterprise support of regulated environments.

[CONFIRM: prior role] [CONFIRM: employer] [CONFIRM: dates]
